Part 2: PlastX

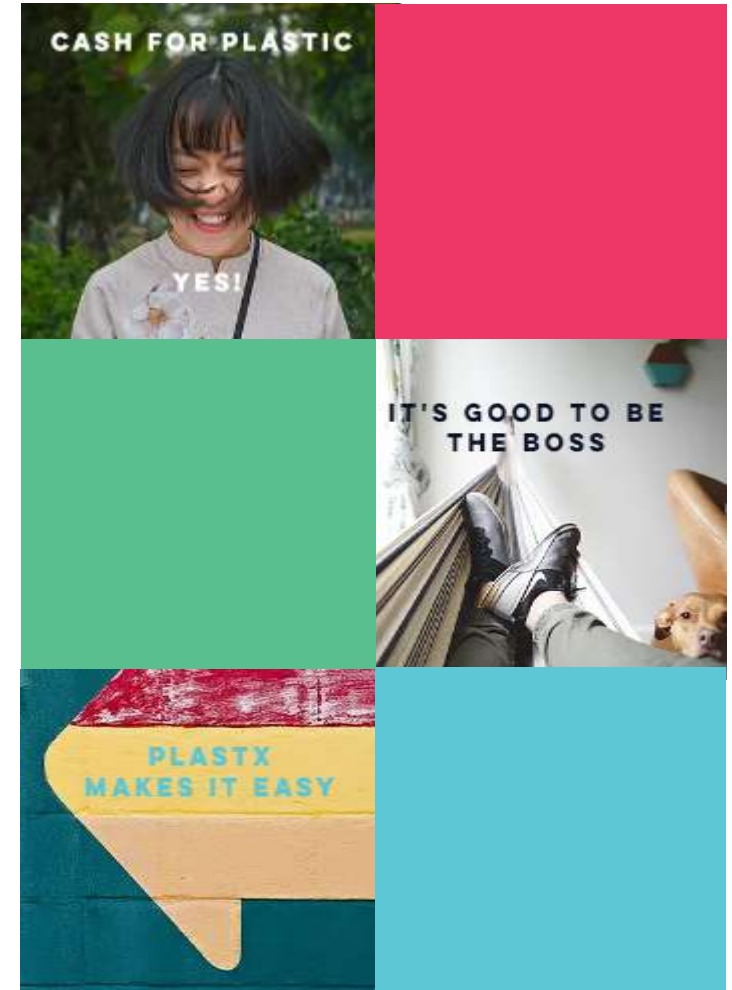

The background of the entire image is a photograph of a person standing on a concrete ledge, holding a large, crinkled white plastic bag that fills much of the frame. The person is wearing white sneakers and light-colored shorts. The sky is a clear, vibrant blue.

Collect Plastic & Earn

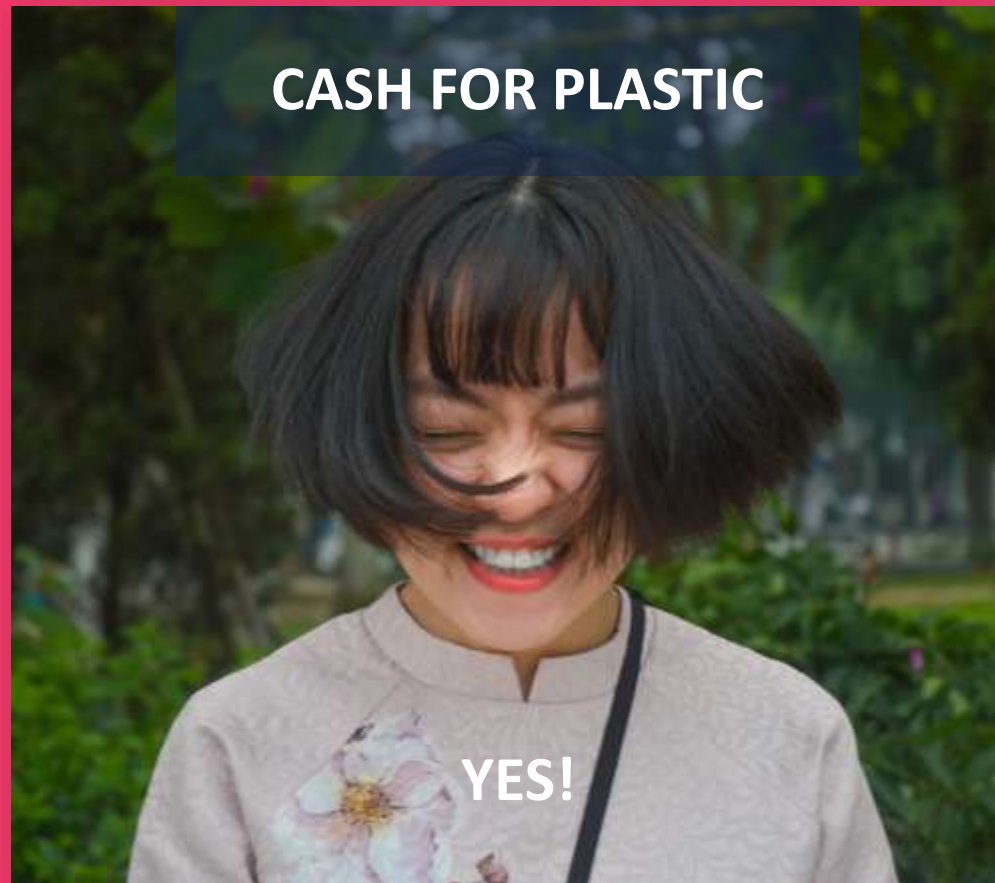

PlastX for Collectors

Earn extra cash collecting plastic in your home, neighbourhood or business.

Collect and Earn

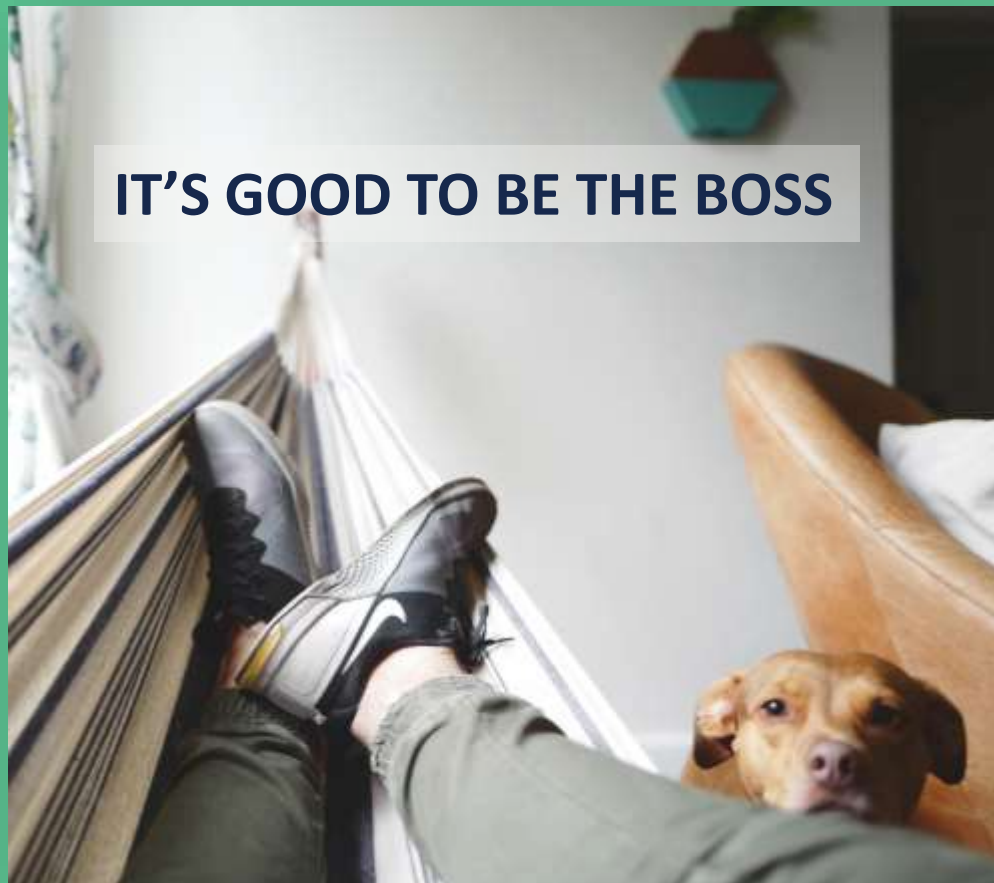

PlastX Collectors are paid fair market rates, and you get paid on the spot, when you deliver the correct goods.

Who wouldn't be excited to make money from nothing.

Collector Value Proposition

You're the Boss

When you're a PlastX Collector, you choose the jobs you want to do, and you decide when and where you collect.

Collector Value Proposition

■ All the support you need

PlastX collectors have access to helpful resources, so you can maximise your collecting - and earning – potential.

PlastX for Business

Make brands shine with Conscious Plastic™

Meeting r-Plastic Needs

PlastX sources:

- a reliable stream of **quality recovered plastic** (by type, colour and condition) at market prices,
- in places where there's little waste infrastructure,
- through a community of respected Collectors.

Buyer Value Proposition

Sourcing Plastic Responsibly

With PlastX, you know where your plastic is collected and who is collecting it –it is **traceable and authentic**.

PlastX is committed to its Human Rights Policy and works with clients on tailored provenance verification and community empowerment programs.

Buyer Value Proposition

Brand Authenticity

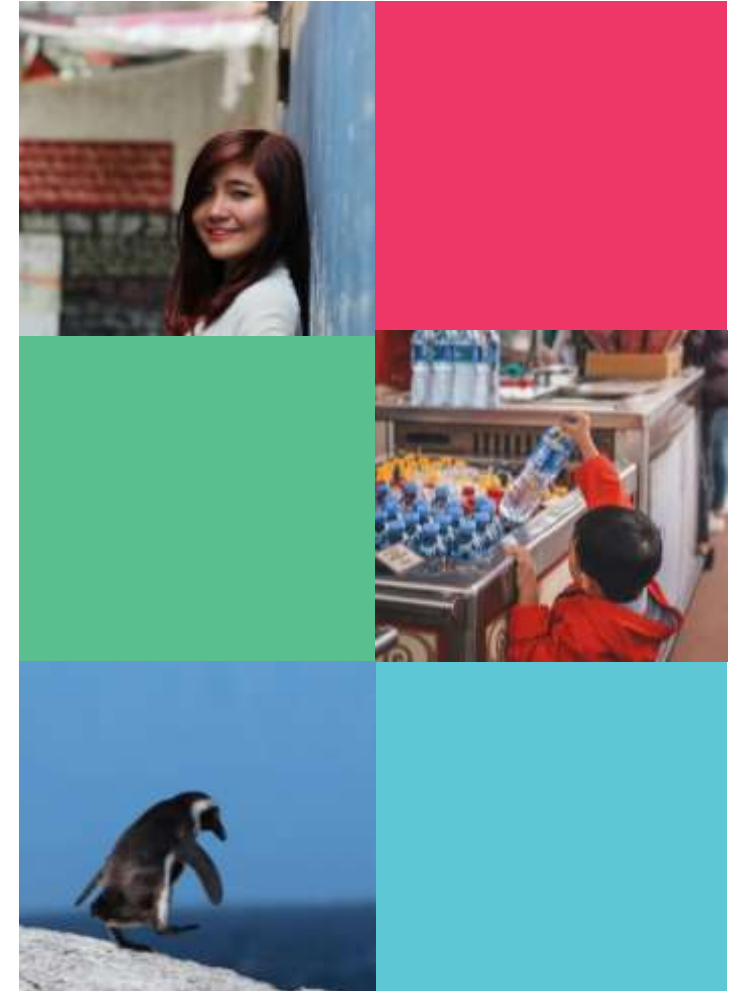

PlastX delivers more than just **traceable quality recovered plastic**.

Sourcing with PlastX provides you with an authentic and compelling **Brand Story** - allowing you to fulfil and communicate your positive impact.

Buyer Value Proposition

Conscious Plastic

Helping communicate the good work of smart businesses.

Responsibly Sourced: **Real People**

Each collector gets a unique ID and profile. You know who is collecting, what they are collecting and where they are collecting. Hub ID checks, and field operations decreases the likelihood of inappropriate behaviour.

Responsibly Sourced: **Children Protected**

Anyone can become a Registered Collector, as long as they are of legal working age. Families and groups can work together on collections, however, Human Rights must prevail.

Traceable and Authentic

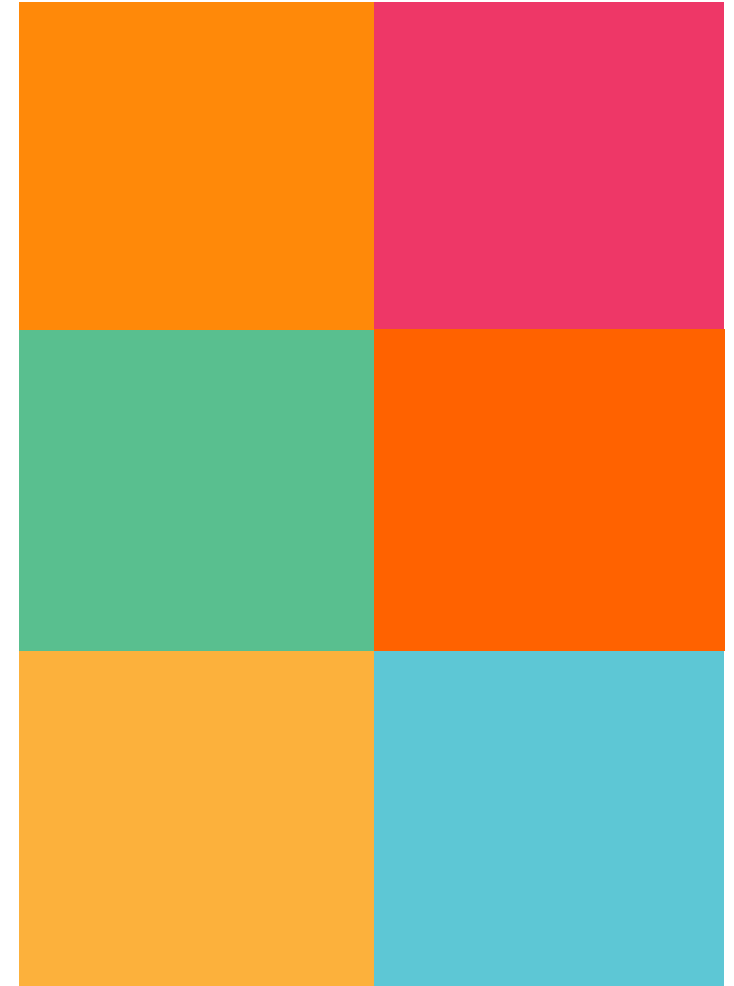

You have the data - you know every collection, who is collecting, where they are collecting, and how much *Ocean Bound Plastic* is being diverted.

If you want more, you can super-size this, with tailor-made audits and on-ground social programs.
